ROOMERANG

FUNCTION IN DESIGN

Suntop® ROOMERANG is the “hardware non-hardware” that completes the design for our Ultimate tops for the Wrangler JL. It gives the top the perfect design, more loading volume, and a slight increase in length, adding just enough protection from the sun when it's really beating down!

Suntop® Roomerang

GOOD IDEAS COME FROM NECESSITY

AND DESIGN IS THE RESULT OF AN EVOLUTION OF IDEAS THAT TAKES SHAPE.

The ROOMERANG gets its shape from the heat extractor that is just behind the front fenders on the new JL. When we first saw it, we knew that it was the perfect shape to provide the added length we were looking for, while perfectly complementing the lines of the Jeep.

JL heat extractor

STANDARD BOWLESS TOP

SUNTOP

JL | FASTBACK U2

SUNTOP® Ultimate system + Suntop® ROOMERANG Concept (Patent Pending) = SUNTOP® Ultimate JL top. The new top for your Wrangler JL.

Our Ultimate Top JL2 Fastback is a bowless top, supplied with a windshield bar and door surrounds. Roof and windows come separately, so you can have 5 different configurations of your top; from fully open to completely closed. The roof can be rolled up on the top of your windshield, secured by two latches, leaving your trunk free for your luggage. Very easy to open and to close. Made of waterproof premium sailcloth. Tinted, scratch-resistant DOT approved windows are completely hardware-free and can be folded taking up little space.

HAVING A JEEP® IS A LIFESTYLE

The emotions and energy of open rides, nature and passion. It's not just having a car, it's about driving towards your freedom on a great road. Having an Ultimate Suntop® top gives you that open ride feeling in seconds. Keep the roof on and remove the windows or vice versa. You don't need to store the roof because it rolls ups neatly. Windows are hardware-free and compact, taking up minimal space once removed. Choose your favourite window: Fastback or CargoTop. Or maybe both. There are no limits when you ride with an Ultimate Suntop® Top!

Ultimate Suntop® Top includes: Complete Hardware, Windshield Bar, Roof Top, Fastback OR Cargo window.

ROOF TENT

We took the good and we made the best. Our foldable roof top tent Expedition II is the results of years of over-landing, tests and nights spent in the worst condition or on the best holidays. Our new version has curved roof poles to improve interior room and avoid water pooling on the roof. This shape also gives better tension to fabric and a lower wind resistance. It combines lightness and strenght, main tent body is completely made of Ripstop fabric and the top-roof is in Nylon for double protection from water and good heat insulation. Four windows and openings on all sides provide great ventilation and allow for perfect climate inside. All windows have mosquito nets with a double zipper for an independent opening. It's supplied with an optional annex that also has four openings.

It has a full black pvc cover with straps that prevent it from banging at speed. It weighs 48 kg ready to install. Supplied with two alu rails and fixing plates to fit it on every rack or bar.

Aluminum ladder supplied. It supports the tent base and can be folded when tent is not in use, leaving all the annex space free. Annex has a black PVC floor that can be fixed by a zipper.

6 cm (2.4") high density mattress inside, breathable and washable fabric. Full room inside thanks to the curved poles and the total length. All windows allow a perfect ventilation.

It is supplied with a 2.2 meter high (7'3") lower dressing room made with the same ripstop fabric, waterproof, with two "doors" and two windows zipper opened and with mosquito net. It fixes to main tent body with a strong zipper.

FOLDED:

143 x 122 x 34 cm

CAMP CAB

Suntop® CampCab is a privacy cabin ideal for your outdoor shower, as a changing room, or for your privacy in the camp. Stainless steel arms and support, and adjustable nylon curtain. Can be fitted to all vehicle sizes from 160 to 240 cm. No shocks, lockable hinges or parts that can be damaged by vibration, but a simple system that locks in position when opened. The curtain can be rolled in the bag and fixed by a belt.

BAG:

90 x 12 x 12 cm

WHEELAMIGO

◀ Wheelamigo

Not only a trash bin but extra space for your dirty and wet stuff. Fits on tires from 32" to 39" and is fixed on spare wheel with two tough belts. Easy to clean with two draining holes in the bottom. It is made of strong reinforced PVC with Mesh pockets on sides and front, and a reflective band for high visibility. A "clean pocket" is under the overlapping flap for your plastic bags and little items. Four buckles on the sides can reduce the volume and avoid flapping or loose bag. Whether you are a overlander, fisher, hunter, rider, off roader, or just for your dog bowls, this is the extra space that you need for all your dirty and smelly stuff.

DIMENSIONS:

65 x 72 x 20 cm

25,6 x 28,3 x 7,9 in

BOXBAG

Everytime we load up the car we think of better solutions to carry all our stuff. Different needs, different set-ups always change our trunk layout. SUNTOP® Boxbag is the solution. Made of strong heavy duty nylon fabric. It works like a drawer with its front handle. It has reinforced sides that give it a box shape and allows the use of all the available space. Two corners have hidden ventilation protected by fabric that allow airflow to all the stuff inside, reducing humidity. They can be folded when not in use, taking up almost no space. The inexpensive way to organize your loading space.

OPEN:

56 x 45 x 20 cm
22 x 18 x 8 in

FOLDED:

70 x 24 x 4 cm
27,5 x 9,5 x 1,5 in
